Dear Colleagues,

I am writing to inform you of a significant change in our plans for the upcoming academic year. As a result of the recent decision by the Board of Trustees, we will be implementing a new academic calendar for the upcoming term.

The new calendar will take effect starting in the fall semester, and it will feature a number of changes that are designed to improve the overall student experience. These changes include an expansion of the academic year to 12 months, a reduction in the number of contact hours per week, and an increase in the number of credit hours required for graduation.

We understand that these changes may require some adjustments on your part, but we believe that they are necessary to ensure the continued success of our students. We will be working closely with all departments to ensure a smooth transition to the new calendar.

If you have any questions or concerns, please do not hesitate to contact me. I look forward to working with you as we implement these important changes.

Sincerely,

Classic morning exercises continued with the traditional "Ludwig's" funeral. However, I'm not sure if these are currently being performed as they should be. A classic morning exercises was not expected to be performed.
